The entire range of Thermo Scientific™ cassettes has been redesigned for better performance – from printing through laboratory processes to archiving

Printing

- The all-new surface finish and reinforced print faces are engineered to optimize print quality when used with Thermo Scientific™ PrintMate™ AS cassette printers
- All-new PrintMate AS-compatible tubes are precisely engineered to reduce jamming and prevent downtime

Grossing, Embedding and Processing

- Opening and closing forces have been carefully adjusted for ease of use, while safeguarding valuable specimens during processing.

Sectioning

- The new cassettes are precision engineered for a solid connection to Thermo Scientific microtomes

Archiving

- The new surface texture is designed to optimize scanability when used with the Thermo Scientific™ Arcos™ tissue block management system

Thermo Scientific PrintMate AS on-demand cassette printer

Thermo Scientific cassettes are precisely engineered for optimal performance when paired with the Thermo Scientific™ PrintMate™ AS cassette printer.

Eliminate waste and streamline your labeling process by printing cassettes on-demand with the PrintMate AS at the grossing station.

- Save time – prints each cassette in ten seconds or less
- Print only the cassettes you need, right at the point of use
- Print barcodes on cassettes to automate downstream processes
- Eliminate errors endemic to handwritten processes
- Free your workspace, the PrintMate printer's compact footprint fits easily integrates into your laboratory's workflow
